SKef 4260

LIEBHERR

SmartSteel: With SmartSteel used on the appliance door the visibility of fingerprints is reduced, making it very easy to clean. Maintain this beautiful door exterior simply with a wipe of a clean, dry or damp cloth.

Touch control system: Our intuitive electronic touch control panel ensures all functions are easy and convenient to use as well as guarantees that the settings selected remain accurate and constant.

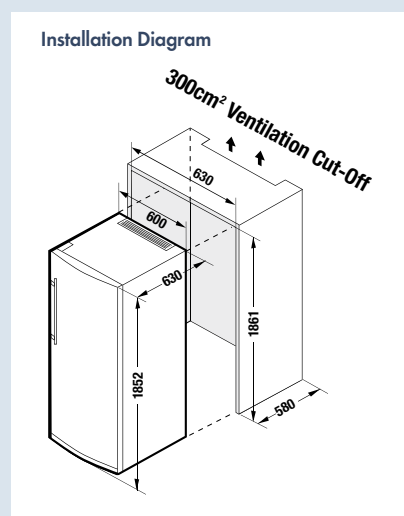

of the refrigerator to +2°C for 6 hours (switching back to normal operation automatically). By activating prior to grocery shopping, it will assist with cooling the new food more rapidly, thereby prolonging food preservation.

Liebherr's **SKef 4260** fridge includes 2 fruit and vegetable drawers on telescopic rails, adjustable GlassLine shelving plus SuperCool.

With the fruit and vegetable crispers positioned on telescopic rails it allows for smooth and easy access to the contents within. Another feature which assists in effortless access is the integrated opening device fitted to the handle. Even if recently closed, the device gently applies pressure to the seal, allowing the door to easily open.

It is important to note that if pairing with another model it will only match the SGNef 3036.
